Uroplasty to Host Investor Meeting at Corporate Headquarters

March 12th Event to Feature Urologist Perspective on the Use of Uroplasty and Vision-Sciences Product Lines

MINNEAPOLIS, March 3, 2015 /PRNewswire/ -- Uroplasty, Inc. (NASDAQ: UPI), a medical device company that develops, manufactures and markets innovative proprietary products to treat voiding dysfunctions, will host a meeting for shareholders and analysts on Thursday, March 12, 2015, beginning at 3:00 pm Central Time, at Uroplasty's corporate headquarters in Minnetonka, Minnesota.

Rob Kill, President and Chief Executive Officer, will host the meeting, which will feature a discussion of the proposed merger between Uroplasty and Vision-Sciences and a presentation by Dr. Roland Ugarte, who will discuss the roles that Urgent PC and EndoSheath have in today's urology practices. Dr. Ugarte is a Senior Partner of Urology Associates, a Minneapolis-based group of 15 urologic surgeons providing comprehensive care to over 75,000 patients and performing over 35,000 procedures each year. As a past president of the Minnesota Urological Association, Dr. Ugarte is a recognized leader in the field of urology.

On December 22, 2014, Uroplasty, Inc. and Vision-Sciences, Inc. announced an agreement and plan of merger under which the two companies will combine in an all-stock transaction to create a new medical device company to be named Cogentix Medical, Inc. The proposed merger is subject to shareholder and other customary approvals, with each company's shareholder meeting scheduled for March 30, 2015.

In-person attendance at the meeting is by confirmed RSVP only. Persons interested in attending should contact Brian Moore at bmoore@evcgroup.com or 310-579-6199. A live audio webcast of the presentation will be broadcast via the Internet and may be accessed through the Investor Relations section of Uroplasty's website at www.uroplasty.com. An archived replay of the presentation will also be available at investor.uroplasty.com.

About Uroplasty

Uroplasty, Inc., headquartered in Minnetonka, Minnesota, with wholly-owned subsidiaries in The Netherlands and the United Kingdom, is a global medical device company that develops, manufactures and markets innovative proprietary products for the treatment of voiding dysfunctions. Uroplasty's focus is the continued commercialization of its Urgent® PC Neuromodulation System, which Uroplasty believes is the only commercially available, FDA-cleared device that delivers percutaneous tibial nerve stimulation (PTNS) for the office-based treatment of overactive bladder (OAB). OAB is a chronic condition that affects approximately 42 million U.S. adults. The symptoms include urinary urgency, frequency and urge incontinence. Uroplasty also offers Macroplastique®, an injectable urethral bulking agent for the treatment of adult female stress urinary incontinence primarily due to intrinsic sphincter deficiency.
